Getting to the Royal Brompton Hospital

Coming in by car

The Royal Brompton Hospital is NOT in the central London congestion charging zone. The parking around the hospital is in a meter zone. There are very limited spaces available in front of Sydney Wing for disabled badge-holders. The nearest public car park is three minutes' walk away on Sydney Street, near the King's Road and is run by CP Plus Parking. On-street parking is allowed in metered bays in nearby side streets. Both options are expensive.

There are four parking spaces for disabled drivers in Cale Street and three in Foulis Terrace.

Car parking

In emergencies, it may be possible to locate a convenient car parking space, and we will do our best to help you. You can call Lisa or David (Site Services Managers) on 020 7352 8121 extension 2266 during working hours, or please ask the Intensive Care Unit staff at other times.

Coming in by bus

The hospital is served by the following buses: Numbers 14, 211, 345 and 414 stop outside the Fulham Wing on Fulham Road. Numbers 49 and 211 stop in Sydney Street for our Main Reception. Numbers 11, 19, 22, 211, 49 and 319 serve the King's Road.

Assistance with travel costs

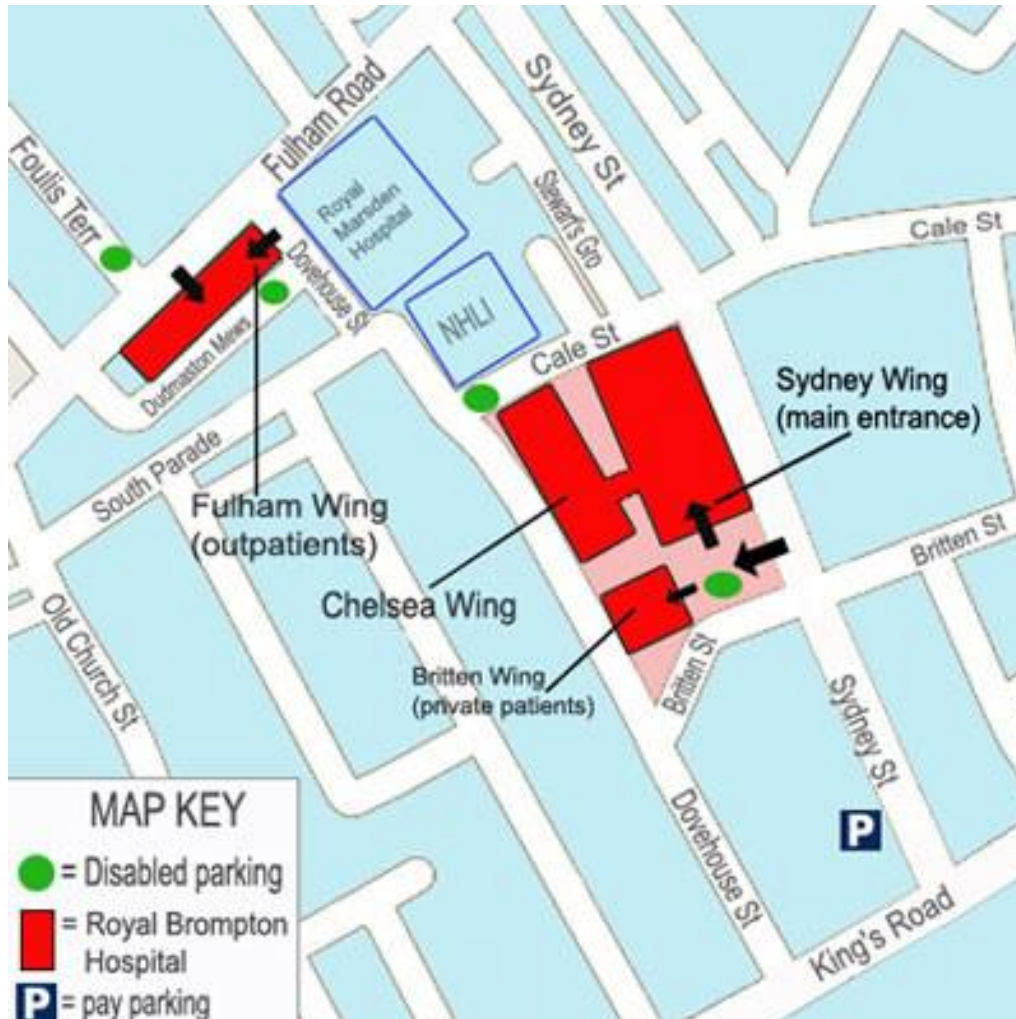

You may be able to receive help with travel expenses if you receive certain benefits. The Intensive Care Unit has a social worker who will be able to explain this.

Coming in by tube

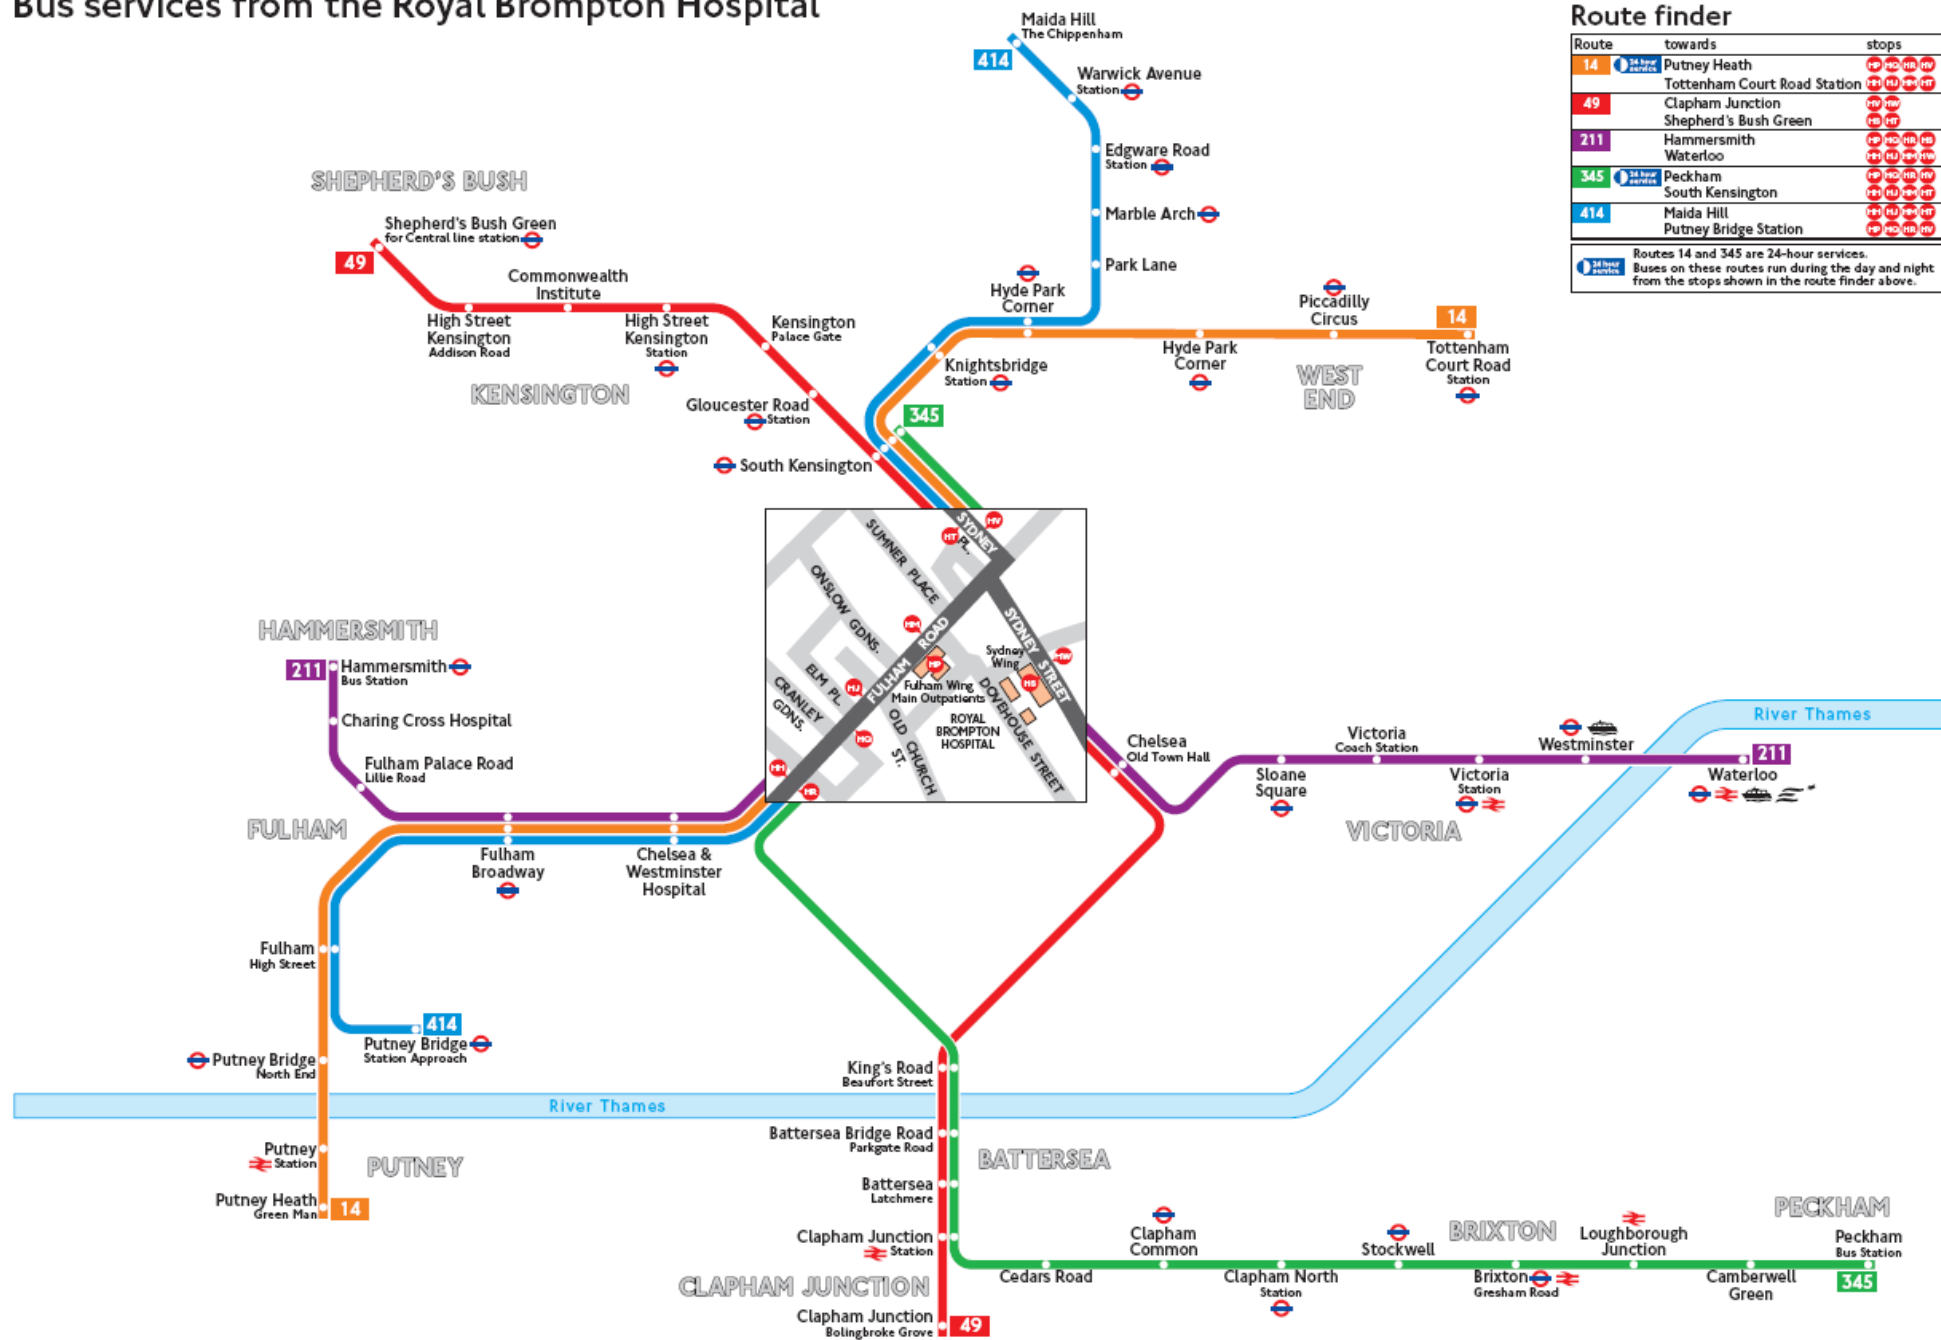

We are a five-to-ten minute walk from South Kensington tube station, which is on the Circle, District and Piccadilly lines. Once you have exited the tube station's main barriers, mount the stairs and take the left hand exit, cross the pedestrian crossings in front of you, and walk down Onslow Place to the Fulham Road. Cross the road, and ten yards along to the right is the left-hand turn into Sydney Street. The hospital is on the right hand side of the street.

Finding the right building

The hospital is based in four buildings. The Adult Intensive Care Unit (Doverdale Ward) is in the Sydney Wing on Level 3 (which is the first floor). It is accessible by the main reception on Sydney Street.

Bus services from the Royal Brompton Hospital

Route finder

Route	towards	stops
14	Putney Heath	TP, ND, NB, IV
